

Cole DOB: December 2003
Axle DOB: March 2005

Cole has blondish-red hair and blue eyes. He likes sports and does well in school. He enjoys having older male mentors to spend time with him playing sports and modeling positive behaviors. He is pretty laid back and easy going.

Axle has brownish-red hair, brown eyes and wears glasses. He is fun loving and he likes to ask silly questions and make jokes. He loves to read and does well in all subjects at school. He loves Disneyland and Lego Land!

This sibling group needs a family that is committed to both children. They will do best with a family who has experience parenting children who have dealt with extensive trauma, grief, and loss.

We are looking for a family that will provide a permanent adoptive home to Cole and Axle with the ability, openness, and willingness to have their older sisters, Stevie and Aria, be a part of their lives by maintaining regular visits with them. These children have been through a lot in their lives and their sibling bond is very important.

For more information about Cole and Axle or the adoption process, please email
